DISPUTE RESOLUTION IN AERONAUTICS

Under the auspices of the ICC International Court of Arbitration®

Objective

This conference offers a window on a wide range of issues crucial to resolving disputes in aeronautics. Experienced arbitrators and representatives of the industry will offer their views on topics of interest to constructors, engineers, operators, lawyers, financiers and insurers.

Topics will include

- Types of disputes in aeronautic matters
- Procedural constraints to the resolution of disputes
- The impact of the financial crisis on aviation markets and the repercussions on dispute resolution

Dates 4-5 December 2014

Venue ICC Headquarters
33-43 avenue du
President Wilson
75116 Paris, France
